Dear [Redacted]

We have received your letter regarding coverage for parents and members of your employees.

Our company, as you know, has specialized since 1959 in providing coverage for senior citizens, and we are in a very good position, of course, to help you with this problem. I have a meeting this week with Mr. Randall, and this matter will be brought up. I am sure that we will want further information concerning the number to be insured and whether or not you desire coverage in the ages past age 65. Quite a number of your employees will have parents above the age of 65.

I will be out of the city from the 10th to the 17th of May, and hope to have this information to you before I leave.

Many thanks for your inquiry.

Yours very truly,

Dear Mr. Jones:

In accordance with our continuing efforts to improve insurance coverage for our members, the possibility of coverage for parents of members has been raised.

It will be greatly appreciated if you would explore the possibility of establishing a Group Hospitalization Plan, administered through this Association, to cover parents of members of this organization in the 60 or 65 years of age bracket. Such items as possible costs, coverages provided, and minimum number of enrollments necessary are some of the items which would prove most useful to us. We will anxiously await your comments or suggestions in accordance with this request.

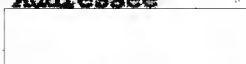

In the event you wish any further information, please do not hesitate to telephone me.

Sincerely,

Vice President

NOTE FOR FILE.

SUBJECT: Insurance Coverage for Parents of Employees

STAT Reporting on discussion which followed [] presentation on the Agency's insurance programs at the 25 April DD/S Staff Meeting, Mr. Echols noted that the conclusion had been reached that the Agency should do a little more to sell its employees on its insurance program. Specifically, it was also noted that the parents of Agency employees cannot be covered under their GEHA hospitalization policies and employees should be encouraged to investigate private policies which are available.

Mr. Echols asked that this be noted as a program for the Insurance Branch of BSD to develop.

Rev — Per our previous conversation —

Let's explore the possibility of a group hospitalization plan for parents of Agency employees in the 60 or 65 and over age brackets.
